

Falling Timber Farm

15th Annual Bull & Female Sale

SATURDAY, MARCH 16th, 2024

Live Auction - 5:30 PM - At the Farm

*Striving to produce consistent, quality cattle
for future generations.*

SELLING 40 BULLS AND 60 FEMALES

Top Cut Yearling Hereford Bulls with Genomic Enhanced EPD's

18 Month Old Hereford Bulls . Angus Bulls

Fall Bred Hereford Heifers . Yearling Hereford Heifers

Bred Cows & Cow Calf Pairs . Baldy Heifers

www.fallingtimberfarm.com

Dear fellow cattle producers,

Welcome to our 15th Annual Bull and Female Sale. Our Hereford cattle represent 48 years of genetic selection and over 10 generations of selective breeding. The founding principles of modest birthweights, female quality, temperament, growth and carcass quality are what FTF strives to produce. We are proud to have created cattle that work well in the real world and our business thrives because of our satisfied customers. We truly believe that the cattle in this sale provide a solid foundation for any herd. They are an investment that your kids and grandkids will be happy with and proud of for many years.

We are offering the highest cut of Hereford yearling bulls as well as a select number of 18-month-old Hereford and Angus bulls that are ready for service. All bulls are hand fed for optimum gain, not maximum gain. By doing this we have realized many benefits including better feet and less fat thickness. This improves a bulls ability to cover cows without heating up in the spring and gives them the opportunity to grow on green grass during their first breeding season. These bulls are an excellent choice for the commercial cattlemen. They will make baldy females with easy calving, performance, teat and udder quality, and have slick hair coats suited for fescue. These bulls have the potential to make a big impact on the breed for future generations of cattle.

For the first time ever, we will have a select number of pairs of bulls that we will video together and sell choice with the customer having the opportunity to buy both. We will group the most genetically and phenotypically similar bulls. We have seen the benefit that customers have when purchasing pairs of bulls that have been raised together and their ability to get the maximum number of cows bred in a short amount of time.

The females are of consistent FTF quality and the spring pairs are extra special. The open and fall bred heifers are a solid group to choose from.

We are retaining ½ semen interest in several of the bulls as well as ½ embryo interest in some of the females. We will only collect bulls and flush females if that is also the desire of buyer. Much genetic progress has been made with genomic testing and research, we are committed to improving and building on these principles of herd development for the future.

When you purchase a bull on our sale, the price you pay includes feed and yardage until April 14th. You are buying a bull that is ready for spring service and spring grass.

The sale will be broadcasted by DVAuction.com, it's a great option if you're unable to attend. The meal will be served prior to the sale. I'd like to extend a big thank you to VitaFerm for helping sponsor the food.

We are extremely grateful for your business. We appreciate each and every customer, worker, viewer, bidder, and buyer in attendance or online. As always, we are here to assist you in any way possible to help you achieve your goals. We look forward to seeing you on March 16th!

Sincerely,

John Ridder

Glenn and Yvonne Ridder; John, Heidi, Madi and Ben Ridder

15th Annual Bull & Female

Falling Timber Farm

Saturday March 16th, 2024 16789 Ridder Rd, Marthasville, MO 63357

DIRECTIONS

From Warrenton: Take Hwy 47 south 13.9 miles from the Main Street stoplight. Turn right on Ridder Rd. Watch for Falling Timber Farm sign.
From Washington: Take Hwy 47 north 8.9 miles from the 5th Street stoplight. Turn left on Ridder Rd. Watch for Falling Timber Farm sign.

ACCOMMODATIONS

Marthasville: Katy Haus or Bank Haus - missourihaus.com
Warrenton: Holiday Inn Express 636-456-2220
Baymont Inn & Suites 636-456-6000
Washington: Super 8 636-390-0088
Best Western Plus 636-390-8877
Old Dutch Hotel 636-390-4400

SCHEDULE

Cattle available for viewing starting at 2:00 pm.
Live auction begins at 5:30 pm.
Food served before the sale, sponsored by VitaFerm.

BULL PICK UP OR DELIVERY

We offer free bull delivery within 100 miles for this sale.
Further away? We will work with you.
Of course, you may pick up your own bull(s).
We will care for your bulls until April 14th with no extra charge.

RETAINING SEMEN & EMBRYO INTEREST

We are retaining ½ semen interest in several of the bulls as well as ½ embryo interest in some of the females. Collection or flushes are not required, but can occur if we both choose to do so with expenses and revenue split 50/50.

GUARANTEE

Bulls have passed semen test on 3/4/24 by Dr. Spencer Thompson.
Bulls are performance tested and ultrasounded.
Hereford bulls are DNA tested for genetic defects.
We offer the standard American Hereford Association breeding guarantee.

15.5	-3.1	56	95	1.4	24.6	39	67	1.5	1.5	0.66	0.22

As his spanish name suggests, 358L is very good. He's a real looker from all angles, his EPDs and performance ratios make him a complete package bull. 358L has a superb combination of calving ease, growth, maternal and carcass traits. No other bull in the breed can match his EPD combination on the AHA website EPD search. He has the potential to be a big impact sire.

Retaining 1/2 semen interest. Homozygous polled. Top 1% CED, 2% \$BMI, BW, Milk, 3% CEM, 4% UDDER, 5% TEAT, 7% MG, 15% SC, REA, 25% IMF. SHOW ME SELECT QUALIFIED

Relevant is one of the most complete heifer bulls in the breed from a balanced EPD standpoint. He has proven to be the best calving ease bull we have ever used at FTF. His dam, Ms Revolution 626D, is one of the best cows we have ever produced. His first daughters are in production here and are phenomenal. This bull will be heavily used industry wide for heifer breeding projects. Owned with BEEF-360, Brookfield, MO; Jordan Herefords, Warrenton, MO; Broken C Farms, Tebbets, MO. Homozygous polled.

Colorado has attracted a lot of attention with his stunning good looks and pleasing pedigree. He sires moderate birthweight, lots of pigment, and great structure. He will continue to be popular in the Hereford breed.

Owned with Aufdenberg Polled Herefords, Jackson, MO; Butler Polled Herefords, Republic, MO; Five J's Cattle Co, Clayton, NC. Homozygous polled.

We purchased Hitching Post last spring to add carcass and maternal value while maintaining phenotype and performance. We are very excited with his first calves. His first daughters will sell along side of their dams in this sale. Unfortunately this bull is deceased, and his semen will be limited to the owners, so the only way to acquire his genetics is to purchase his offspring.

Owned with Candy Meadow Farms, Lexington, TN; Steinbeck Farms, Hermann, MO. Homozygous polled.

2722K is dark red, goggle eyed, with lots of CED and maternal traits. Her dam, 8629F, is one of Bryan Pollard's favorites at our farm in Montgomery City, MO. Bred AI on 11/24/23 to FTF Magnifico 120J and pasture exposed to FTF High Time 2703K from 11/27/23 - 3/1/24.

BRED HEIFERS

We had the opportunity to purchase the top 10 cow calf pairs from Dale Edwards, Cuba, MO, last fall as he was retiring. We are very pleased with them, but unfortunately we just don't have enough room to keep them all. Dale spent 20 plus years developing a top notch Angus herd through 100% AI and ET. When you see these next two Lots, 68 & 69, you will be impressed. They are more than 3/4 sisters.
